

Coastal Series

The Coastal Series is a collection of 5 Decorative Laminate Veneer doors designed to appeal to a wide market. The highlights are mitered doors, glazed finish appearance, and 5 piece drawer fronts at an affordable price. These doors can be combined with wood components such as turned posts or wood range hoods. Best of all, it is a Green product!

Your Green Choices:

- Custom Cabinetry offers two types of **Green** CARB 1 compliant cabinets. A particleboard core and plywood core choice is available and both offer real wood veneer finished sides.
- Custom Cabinetry's **Ultra Green** cabinet uses Urea Formaldehyde free plywood construction to eliminate off-gassing inside your home.
- Custom Cabinetry's **Pure Green** is a waterborne finish. Combine this with the Ultra Green construction for one of the most environmentally friendly cabinets available.
- Wood species include: Red and White Oak – Plain sawn and Quarter sawn (White Oak also available rift cut), Hard and Soft Maple, Cherry, Mahogany, Alder, Bamboo and Lyptus (Rapidly Renewable), and others upon request.
- Forty Two standard door styles are available with almost an unlimited number available on a custom basis. Wellsford also offers various overlays and inset styles to suite your design needs.

LEED Credits are available as follows:

- EQ Credit 4.1 Low Emitting Materials: Adhesives and Sealants = 1 point
